Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A hobbyist or non-artist storyteller.	Create a complete illustrated comic from my story idea.	I cannot draw panels and writing dialogues takes too long.	I lack art skills and manual comic tools are time-consuming.	Frustrated and held back.
PS-2	A user who wants a specific mood and look.	Customize the tone and art style of my comic.	Most tools give fixed, generic output.	They do not adapt the story and visuals to my choices.	Restricted and unsatisfied.
