

No. of Functional Features Included in the Solution

Date	30 September 2026
Team ID	SWTID-2026-7446
Project Name	ComicCraft - AI Comic Story Creator using Gemini Models
Maximum Marks	5 Marks

Functional Features Overview:

This document lists the functional features documented for the ComicCraft solution. Each feature is described by its purpose, implementation status, and related module/component.

S.No	Feature Name	Feature Description	Module / Component	Status	Marks
1	User Story Input	Collects story prompt, character name, setting, tone, and art style from the user.	index.html / Frontend	Done	—
2	5-Panel Comic Outline Generation	Generates a structured five-panel outline containing panel number, title, scene description, and image prompt.	gemini_flash.py / Gemini Flash	Done	—
3	Story Narration & Dialogue	Expands the panel outline into detailed comic narration and character dialogue.	gemini_pro.py / Gemini Pro	Done	—
4	AI Comic Illustration Generation	Generates comic-style illustrations from image prompts and saves panel images.	image_generator.py / Stable Diffusion	Done	—
5	Comic Panel Layout	Matches generated images with panel stories and organizes them into a structured comic layout.	layout_builder.py	Done	—
6	Comic Preview	Displays generated comic panels with titles, images, scene descriptions, captions, and narration.	comic_preview.html / Jinja2	Done	—
7	PDF Export & Download	Compiles comic images and narrative text into a multi-page PDF for download.	exporters.py / FPDF	Done	—
8	API & Image Testing	Provides JSON comic generation and a dedicated image-generation testing route.	routes.py / FastAPI	Done	—

Feature Summary:

Metric	Count / Value
Total Features Planned	8 documented functional features
Total Features Implemented	8 (documented as implemented)
Core / Must-Have Features	Story input, outline generation, narration/dialogue, image generation, layout, preview, PDF export
Additional / Nice-to-Have Features	JSON API generation and image testing route
Features Tested & Verified	The source documents local deployment/testing and API testing, but do not provide a feature-by-feature test count.

Feature Category Breakdown:

S.No	Category	Features in Category	Example Features
1	User Interface (UI)	3	User Story Input; Comic Preview; Export Success flow
2	Backend / Logic	3	Outline generation; Story generation; Layout building
3	Database / Storage	0 documented	No database/storage feature is documented in the supplied project description
4	API / Integration	3	Gemini API integration; Stable Diffusion; FastAPI JSON endpoint
5	Security / Authentication	0 documented	No authentication/security feature is documented in the supplied project description
